

October 2022

Dear Fellow BCPOA Members:

Beaver Creek enjoyed a fine summer and it seemed as if things were getting back to normal. When you return to Beaver Creek, you will see a substantially revitalized Village that I think you will enjoy.

Service Levels

Vail Resorts indicates that it has raised the wages for its Beaver Creek employees. We all hope VR can attract plenty of qualified employees to run mountain operations, the lifts, the snowcats and the various amenities on the mountain. The boost in salary is a good start. Likewise, there have been pay raises for the Village Connect drivers so it is anticipated that the service will be an improvement over last ski season.

New BCRC Leaders

There are new key personnel with the Beaver Creek Resort Company. Jim Clancy is the Director of the BCRC, Erin Jarvis is the Director of Administration and Krista DeHerra is the new Events Coordinator. We look forward to working with them to help make Beaver Creek to be the best place for all of us to work, live and play.

Fire Mitigation

As we have noted in the past, all of Beaver Creek has been very active in its fire mitigation efforts. Between the BCRC and the Beaver Creek Metro District over \$1 million has been spent to reduce the fire risk to Beaver Creek homes, condos and businesses. We understand that a similar effort is anticipated for next year.

That leaves it to us, the owners of homes, townhomes and condos to do our part. Whether you live in a single home, a townhome or a condo, it is important to take an active role to make sure your residence is taking the steps to mitigate fire risk. In areas with HOAs or condos, often the HOA or condo management is the best source for making sure the fire prevention work is done.

For single homeowners, it falls to you to schedule a fire audit and then to carry out the measures listed in that audit.

It is not trite, but important, to say: "Each of us is only as safe and protected as the least fire protected home in Beaver Creek."

Speed Consciousness

Speed on Beaver Creek roadways is always a safety issue. The Metro District has placed speed monitors through different areas of Beaver Creek. Please be mindful of those signals and the speed limits elsewhere on Beaver Creek roadways, large and small.

Potential Townhome Construction Project

There is a possible issue of concern that may arise in the next several weeks. VR has entered into an agreement for a developer to look into the feasibility of constructing numerous townhomes on the steep hillside adjacent to the Mirabelle Restaurant and along the old evacuation road. The location would be on what is an evacuation road and does not appear to be suitable for any traffic, construction equipment or residential traffic.

This old emergency roadway and lower Beaver Creek Drive also is a safe area where families with young children, older people or folks just out for a quiet stroll can walk safely and quietly. The location also likely will raise issues as to interference with a variety of wildlife that run freely along that proposed site for the full length of the lower Beaver Creek Drive.

We have been assured by the COO of Beaver Creek that no applications for permits or other approvals will be made until homeowners, including the BCPOA, have an opportunity to study the proposal and comment on it. So far, nothing has been filed with the DRB or Eagle County. We will keep you informed through the BCPOA website or special email communications.

Ski Season

Beaver Creek is scheduled to open the day before Thanksgiving, November 23. Lift hours through December 14 will start at 9:00am. Starting on December 14, lifts will open at 8:30 am. There is now snow making equipment on Haymeadow and on Birds of Prey. Now, we each need to do our own version of a snow dance or prayer to hope natural snow comes early and often.

Best,
Bruce Kiely
BCPOA Board President

We hope you find this information beneficial. If you have any questions or comments please feel free to contact us at info@bcpoa.com.

October 2022

Dear Fellow BCPOA Members:

An intensive campaign to vote YES for the newly proposed Eagle Valley Regional Transit Authority (EVRTA) is about to be launched in Eagle Valley. In the coming weeks, you will see a multi-media campaign and programming in support of the formation of EVRTA and a Yes vote.

The website www.YesforTransit.org (see below) offers many pages of compelling information on how an enhanced transit system will help promote the livability, sustainability, and economic vitality of Eagle County as our region grows over the next several decades.

['YES on Eagle Valley Transit'](#) page on Facebook also offers daily updates on why we should vote YES for Issue 6A in the upcoming Elections.

Your BCPOA Board fully supports this initiative and over the next few weeks will send more information via our website and emails to continue to inform you on why your YES vote is crucial to make EVRTA a reality.

Thank you,
Bruce Kiely, President

News from BCRC

Over the summer, BCRC had the pleasure of presenting the *Beaver Creek Inspire* vision plan to the BCPOA BOD. The strategic collection of capital projects and initiatives to drive enhancements and modernization to the village is well underway this fall and winter. You will see improvements to lighting in the village core with new lighting activation on the Market Square Clocktower. The construction of the Beaver Creek Sport Deck remodel by the covered bridge is starting this fall with completion this spring. A new scavenger hunt will be a fun activity for families to enjoy in the village. To learn more about all the projects that will continue to enhance your property value, visit beavercreekresortcompany.com/inspire.

The new BCRC Director of Events, Krista DeHerrera, is excited to keep the village active with fun events this winter.

The Opening Day Cookie Competition on November 23rd, followed by the Tree Lighting Ceremony on November 25th, will kick off the winter season.

Ranked as the number one overall stop by the athletes and coaches who participate, the Beaver Creek Xfinity Birds of Prey Audi FIS Ski World Cup Super G and Downhill races are scheduled for December 2-5, 2022. The festivities of BC World Cup weekend celebrate "Where Winter Begins" in North America. This year's event is scheduled to include live music, beer tastings, ski films, parties, sponsor activation, and much more in the heart of Beaver Creek Village on what is dubbed "Birds of Prey Way".

Winter Culinary Weekend scheduled for February 2-5, 2023, will play host to world-renowned chefs and winemakers partnered with our world-class chefs to create a week of culinary celebration.

Download the *Beaver Creek Village Guide app* for a full list of scheduled events or visit BeaverCreek.com/Events.

News from VPAC

Beginning December 2022, the Vilar Performing Arts Center kicks off its 25th Anniversary Season. Guests can expect spectacular performances, theater upgrades, and more! Their classic Holiday Series will kick off on December 19th & 20th with a family-friendly production, [Rudolph the Red-Nosed Reindeer The Musical](#) followed by [Canadian Brass with Kantorei – A Holiday Spectacular](#) on December 23rd, and a house-favorite band, [Asleep at the Wheel](#) on December 27th.

We hope you find this information beneficial. If you have any questions or comments please feel free to contact us at info@bcpoa.com.
